Formally renounce the throne crossword clue

Name: _____ Book: _____ Date: _____ Unit: _____

**AP Human Geography
Vocabulary Builder**

Directions:

- Copy each of the vocabulary words into the left-hand column (check your spelling!).
- After you found the definition in your notes or in the textbook, you will create "your own definition" in the middle column.
- After writing your own definitions, you will draw a visual clue or symbol of the word in the third column.
- Lastly, write at least three words that come to mind when you see this word!

Vocabulary Word	Your Own Definition	Visual Clue or Symbol	Synonyms

Quizzes:

- What is intelligence? What are examples of intelligence among natural beings?
- What is artificial intelligence? What are examples of artificially intelligent systems in current life?
- What future applications of A.I. do you see?
- What is the role of A.I. in games? *Entry Game Examples.*
- Benefits of use of a human neuronal A.I. system.
- The progress path of one field of A.I.
- The scientific biography of one of A.I. scholars.
- What is MCM? Compare it with SVM* and A*.
- What is Tabu Search?
- What is Width Search?
- What is TSP-TripIt?
- What are variants of Genetic Algorithms?
- What is Simulated System Search?
- What is Simulated DNA Copying Search?
- Compare Simulated Evolution and Genetic Algorithms.
- What other search method exist that are inspired from nature?
- Bring a memory of any of the proposed algorithms in real applications.
- Bring a detailed usage of one of the algorithms in a real application.
- What was the "King and Kook vs. King" story, cited in page 116 of book.
- What are other general purpose heuristic search or rule-based?
- What is NP algorithm? (See Page 118, for cheat)
- What is NP2NP algorithm? (See Page 118, for cheat)
- What is NP3 algorithm? (See Page 118, for cheat)
- What is NP4 algorithm? (See Page 118, for cheat)
- What is NP5 algorithm? (See Page 118, for cheat)
- What is NP6 algorithm? (See Page 118, for cheat)
- What are the exact ideas behind the planners introduced at the end of chapter 12? (pp121-126)
- What is Evolutionary Multi-Objective Optimization and what are its approaches?
- What is Decision Tree?

Projects:

- Choose a real problem. Design and implement a suitable algorithm for it. Compare your results with required results or other solutions.
- Choose a real player game, find some other people who agree on your. Write a custom engine and perform a competition, with or without time limit. *Makeyong, Solitaire, Open Tennis, ...*
- Choose a game, compare a group of final agents, implement agents to compare:
 - Backgammon (Tic-Tac-Toe) - refer to John DeJong's call for participants.
 - Choose a board game such as GO, Othello, XOXO, ANGLE, etc.
 - A card game, such as POKER or BACCARAT.
- Implement either POP or Dispatch in general domains.
- Implement one of the subjects, proposed in essays.

Problems sets to review and apply equations from Chapter 11

121. An object is in motion as represented by a displacement vs. time graph as in Fig. 11-49 with data:

122. Use the frequency of a simple pendulum given by Eq. 11-43b, $f = \frac{1}{2\pi} \sqrt{\frac{g}{L}}$

123. The spring constant does not change, but the mass does, so the frequency will change. Find Eq. 11-43a to relate the spring constant, the mass, and the frequency for a spring-mass system.

124. The mass used in a game by Eq. 11-42, $x = A \cos(\omega t + \phi)$, while the maximum speed of particles on the path is given by Eq. 11-42, $v_{max} = A\omega$.

125. One from the given data, $x = 0.03 \cos(\omega t + \phi)$ and $v = 0.12 \sin(\omega t + \phi)$ are. See also Eq. 11-42a for the average power, with the identity of secant from Table D-2.

Active Study Tool For Vocabulary Test

You must complete ONE of the options below, for ALL OF THE WORDS for Words _____ for a HSA grade. This assignment is due _____, no late assignments will be accepted.

Active Study Tool Options:

- Create a Jeopardy review game to play by yourself, with friends, or family.
- Make flash cards with vocabulary word on one side of the card, a synonym and an antonym and a definition context clue sentence on the other side of the card.
- Type out the vocabulary words, definition, synonyms and antonyms you remember WITHOUT looking at your notes in one color font, then looking at your vocabulary notes, type in a different color what you missed; this lets you know what you need to study. For the ones you needed to look back at, try creating a context clue sentence or a "trick" to remember it.
- Create a study guide chart of word, part of speech, synonyms, antonyms, and context clue sentence.
- Make a book of illustrations and captions for all the words.
- Create your own test and Answer Key (using past tests or the format on the other side).
